

Lesson 8

Graphs: Eulerian paths and circuits

Activity

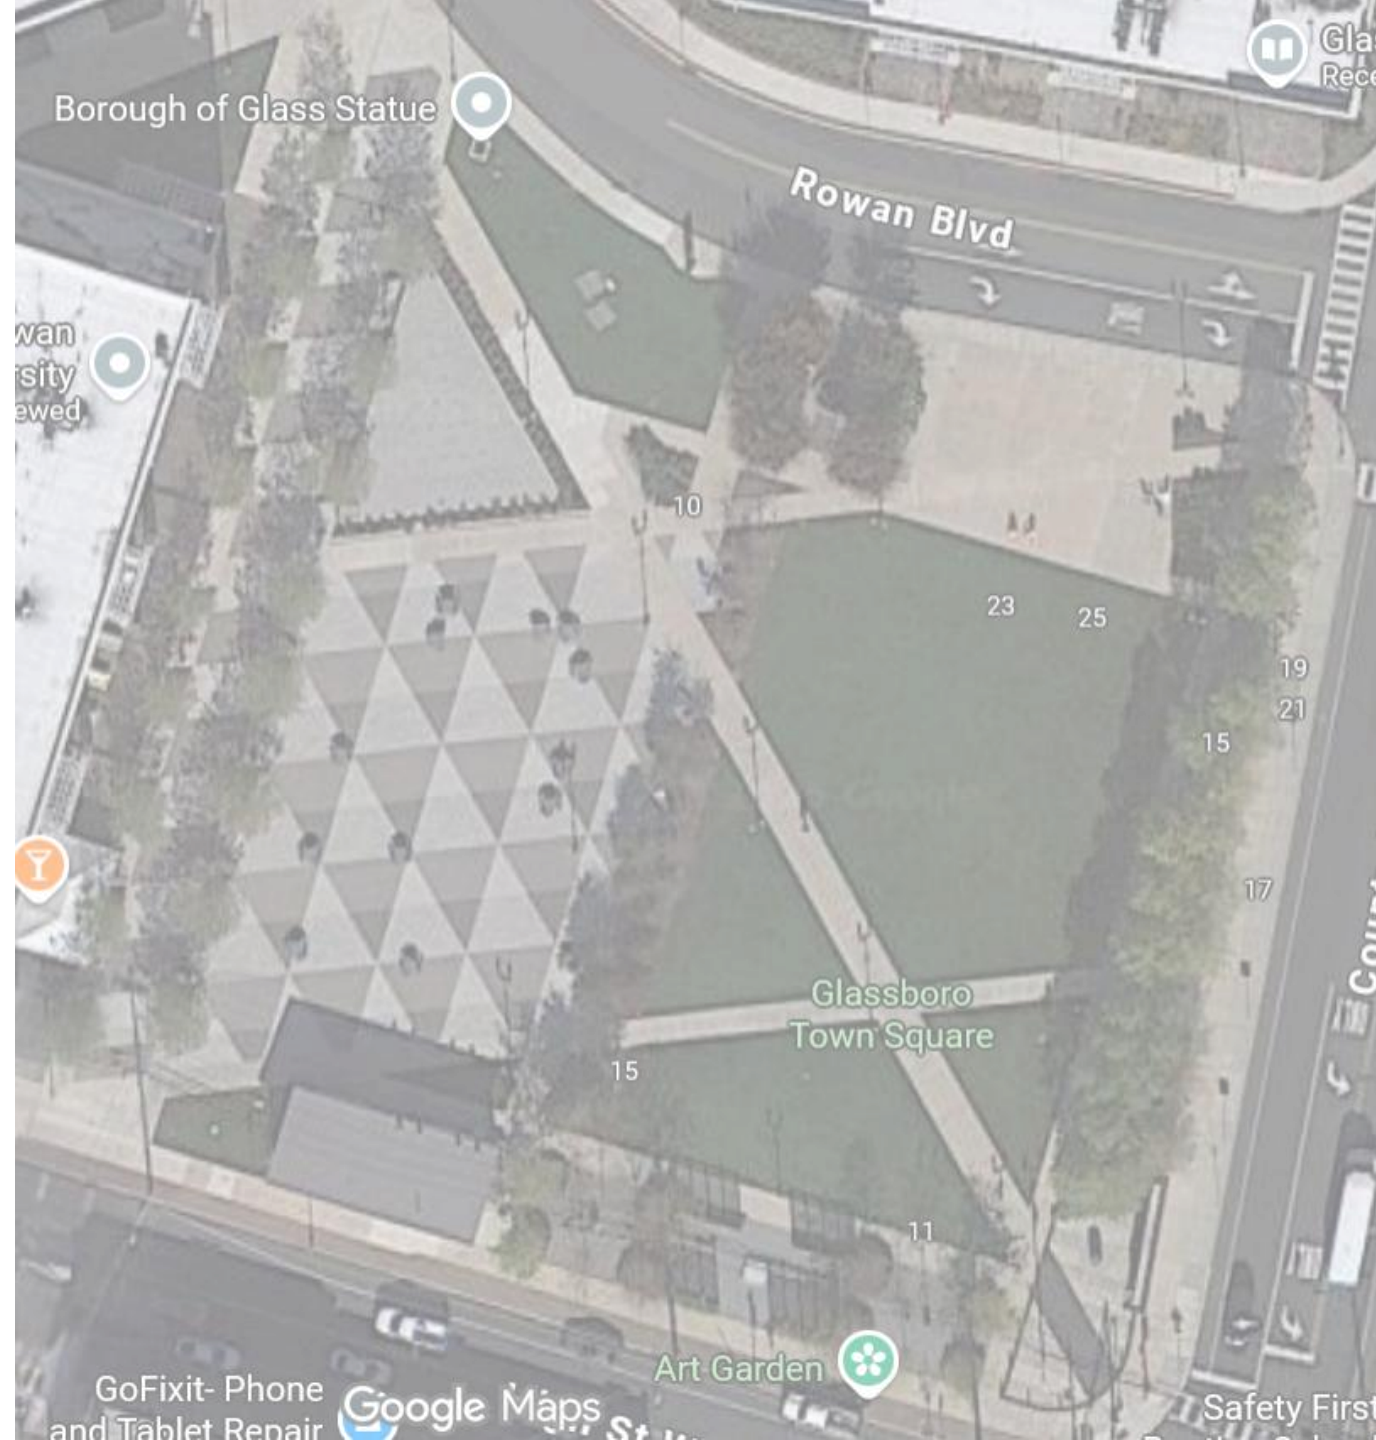

**How can I walk all the main
paths of the town square
without rewalking paths?**

**Can I get back to where I
started?**

**How can I walk all the main
paths of the town square
without retracing paths?**

**Can I get back to where I
started?**

**How can I walk all the main
paths of the town square
without retracing paths?**

**Can I get back to where I
started?**

**To make campus extra safe,
Rowan can have a security
guard patrol the paths shown.**

**How can the security guard
walk these paths without
retracing their steps?**
